Think Feel Act

This 5 week program introduces Cognitive Behaviour Therapy (CBT) which is an evidence based practice for treating mental health disorders. Weekly practice helps identify and change unhelpful thoughts that are present in a range of mental illnesses.

Program provides:

- An increased understanding of the relationship between thoughts, feelings and behaviours
- Learning how unhelpful thoughts impact on our mental health
- An understanding of how our behaviours and actions influence our experience of ourselves and the world.

Program details:

Where: City Clinic, Level 1/175
Collins Street, Hobart

When: Starts Thursday 22 April 2021
10.00am – 1.00pm

How much does it cost?

Costs are usually covered by your private health fund. In some circumstances you may incur an out-of-pocket expense. Administration staff can review your private health arrangement and inform you if this is the case.
